

Commonwealth Research & Technology Strategic Roadmap

presented to

Regional Strategies Committee

by

Nancy Vorona

June 16, 2011

R&T Roadmap Objective

Identify research areas worthy of economic development and Commonwealth investment in order to promote commercialization and economic development efforts in the Commonwealth (HB2324).

R&T Roadmap

- Identify key industry sectors to invest in
- Identify basic and applied research opportunities with commercial promise
- Encourage commercialization and economic development in these sectors
- Help ensure that investments in research are made prudently in focused areas with significant potential for commercialization and economic growth

CRCF

-
- Commonwealth Research Commercialization Fund
 - \$6M appropriated for FY2012
 - \$2M for SBIR Phase I NIH matching program
 - \$4M for other programs
 - Matching Funds
 - Facilities Enhancement Loan
 - Commercialization
 - Eminent Researcher Recruitment
 - IP Policy
 - R&T Investment Advisory Committee (RTIAC)
